Important Hosting Information				
<p>*Most hosting is needed from the middle of July until school starts after Labor Day. A few requests can come in the first two weeks of January before Spring Semester starts.</p> <p>This is a commitment of 1 to 7 days. Visiting Scholars, however, can come anytime during the year.</p> <p>*Holiday Visits can be as simple as an invitation to dinner; it does not need to be a complete host stay.</p> <p>Please describe your faith experience in a few paragraphs below.</p>				

Thanks for your time and support of the Hospitality Center for Chinese. HCC is designed to share Christ's love through hospitality. All of our programs and services build meaningful relationships and bridges between the U.S. and China.
